About Lazzara LSX 67 Limited Edition

The Lazzara LSX 67 Limited Edition attracted significant attention, and in recognition of her unique design features and build quality was declared "Best Motor Yacht Under 25 Meters" and "Best Master Cabin Design" at The International Yacht & Aviation Awards 2023.

The 67-foot (20.42m) LSX 67 leads the way with eye-catching style, exceptional quality, and exhilarating performance. In a revolutionary design move, the full-beam master suite has direct access to an aft deck entertainment area and beach club. The Lazzara Limited Edition LSX 67 is the only yacht in her class to offer such an arrangement, and the exceptionally large master suite affords the owner uninterrupted views port, starboard, and aft from the cabin via the full beam sliding glass door.

The beach club space is extended further by fold-down balconies on the port and starboard sides, the largest in this class of yacht, creating an expansive aft deck and terraces at the water's edge. A social seating arrangement makes this area a fantastic spot for entertaining and the platforms facilitate easy access to and from the water. Steps on either side lead up to the main deck. Access to the bow and an enormous sun pad is via teak walkways along the port or starboard side. Polished stainless steel and teak railings are just one example of the exterior design details that set the Lazzara Limited Edition LSX 67 apart. Combine this with superyacht interior finishes and materials, and she becomes a floating piece of art.

MOTOR YACHT

Lazzara Yachts is a legendary American company with decades of yacht building experience, delivering innovation and uniqueness in every design. As an experienced shipyard we have complete control over each and every build and we emphasize quality over quantity. This translates into building a “limited” number of yachts, so you’ll not find a Lazzara in every harbor.
